ÜÇES Makina

Company Submission - 2024

ABOUT US

With our customer-focused approach, we provide machining solutions that are both highly precise and reliable, driving your business forward.

Üges Makina operates in İzmir, offering machining services to various sectors, primarily in the automotive and machinery industries. With over 20 years of experience, our team specializes in processing high-alloy, ultra-precision parts, ensuring top-tier service for you and your clients.

O U R S E R V I C E S

We offer high-precision machining, CNC operations, and custom part manufacturing services for the automotive and machinery industries.

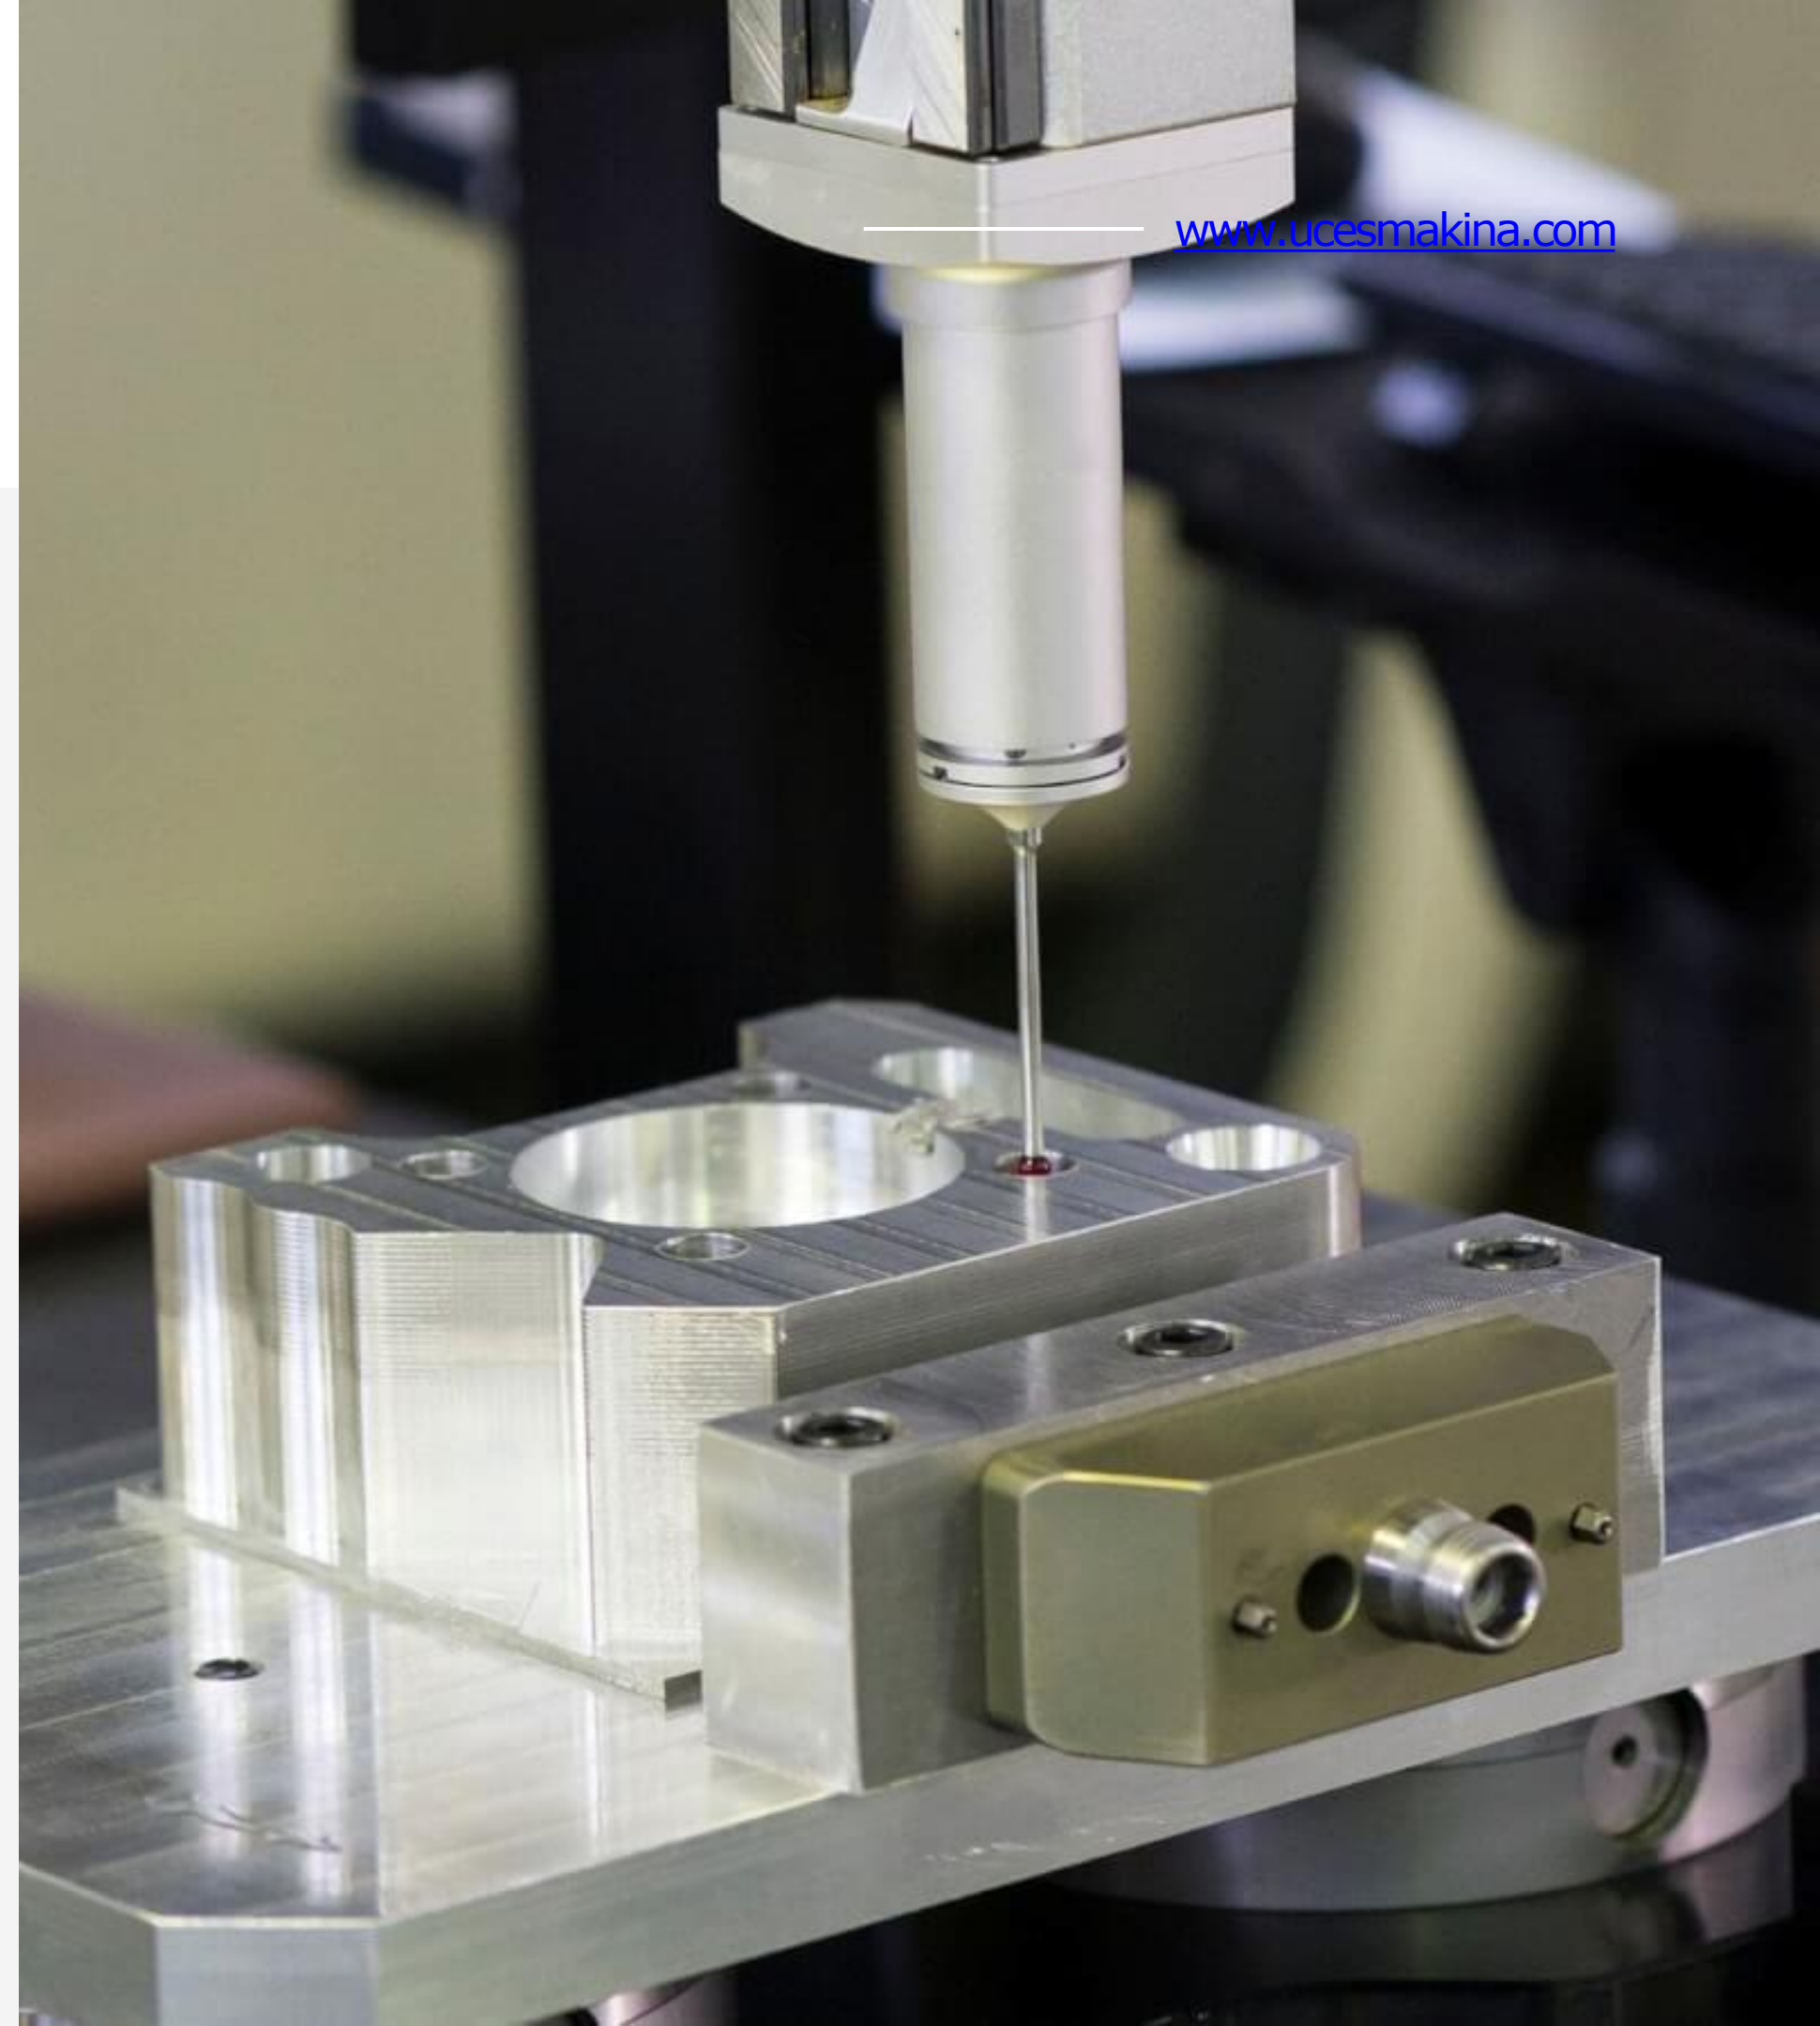

- **CAD-CAM , CNC Lathe, CNC Vertical Machining**
- **Special Fixture Design and Manufacturing**
- **Machine Design and Manufacturing**
- **Spare Part Supply**

OUR WORKING PRINCIPLES

High Precision

You can trust us for operations that require high precision.

At Üçes Makina, we combine over 20 years of experience in high-precision part processing with our state-of-the-art CNC machines to achieve excellent results in the production of complex parts. We ensure the highest level of quality and reliability, guaranteeing customer satisfaction. By offering customized solutions for each project, we meet your demands for precision and performance.

OUR WORKING PRINCIPLES

On-Time Delivery

We complete and deliver your orders within the agreed timeframe.

The machining sector is one where technological innovations are rapidly integrated, and quality and production efficiency are of utmost importance. At Üçes Makina, we make customer satisfaction our top priority, and we are committed to ensuring time and cost efficiency in our production processes. As a reliable partner in projects requiring high precision, we complete your orders within the specified time frame, adhering to the highest quality standards.

OUR WORKING PRINCIPLES

Accurate Pricing

We protect your business's profit through accurate calculation and pricing that align with market standards.

We aim to safeguard your business's profit with our competitive pricing policies based on accurate calculations in accordance with market standards. At Üçes Makina, we strive to exceed our customers' expectations by offering high-quality standards at the best prices. Guided by our customer-focused approach, we continuously follow the latest technologies and best practices in our production processes. In this way, we maintain our mission to be a reliable partner in the industry by delivering high-quality products at the most favorable prices.

Our Machine Park

OUR MACHINE PARK

DMC 64V Linear

X axis movement	: 640 mm
Y axis movement	: 600 mm
Z axis movement	: 500 mm
Rotating table(4th axis)	: -
Table's length	: 850 mm
Table's width	: 600 mm
Max Workpiece weight	: 600 kg

OUR MACHINE PARK

DMG CTX 310 Ecoline

Max. Turning Length	: 450 mm
Max. Turning Diameter	: 200 mm
Max. Swing Diameter	: 330 mm
Cross-Slide Swing Diameter	: 260 mm
X/Z axis progress	: 160/450 mm
Rotational speed	: 5000 rpm

OUR MACHINE PARK

DMG CMX 50U

Max. Movement In X Direction	: 500 mm
Max. Movement In Y Direction	: 450 mm
Max. Movement In Z Direction	: 400 mm
Max. Workpiece Diameter	: 630 mm
Max. Workpiece Height	: 550 mm
Max. Workpiece Weight	: 200 kg

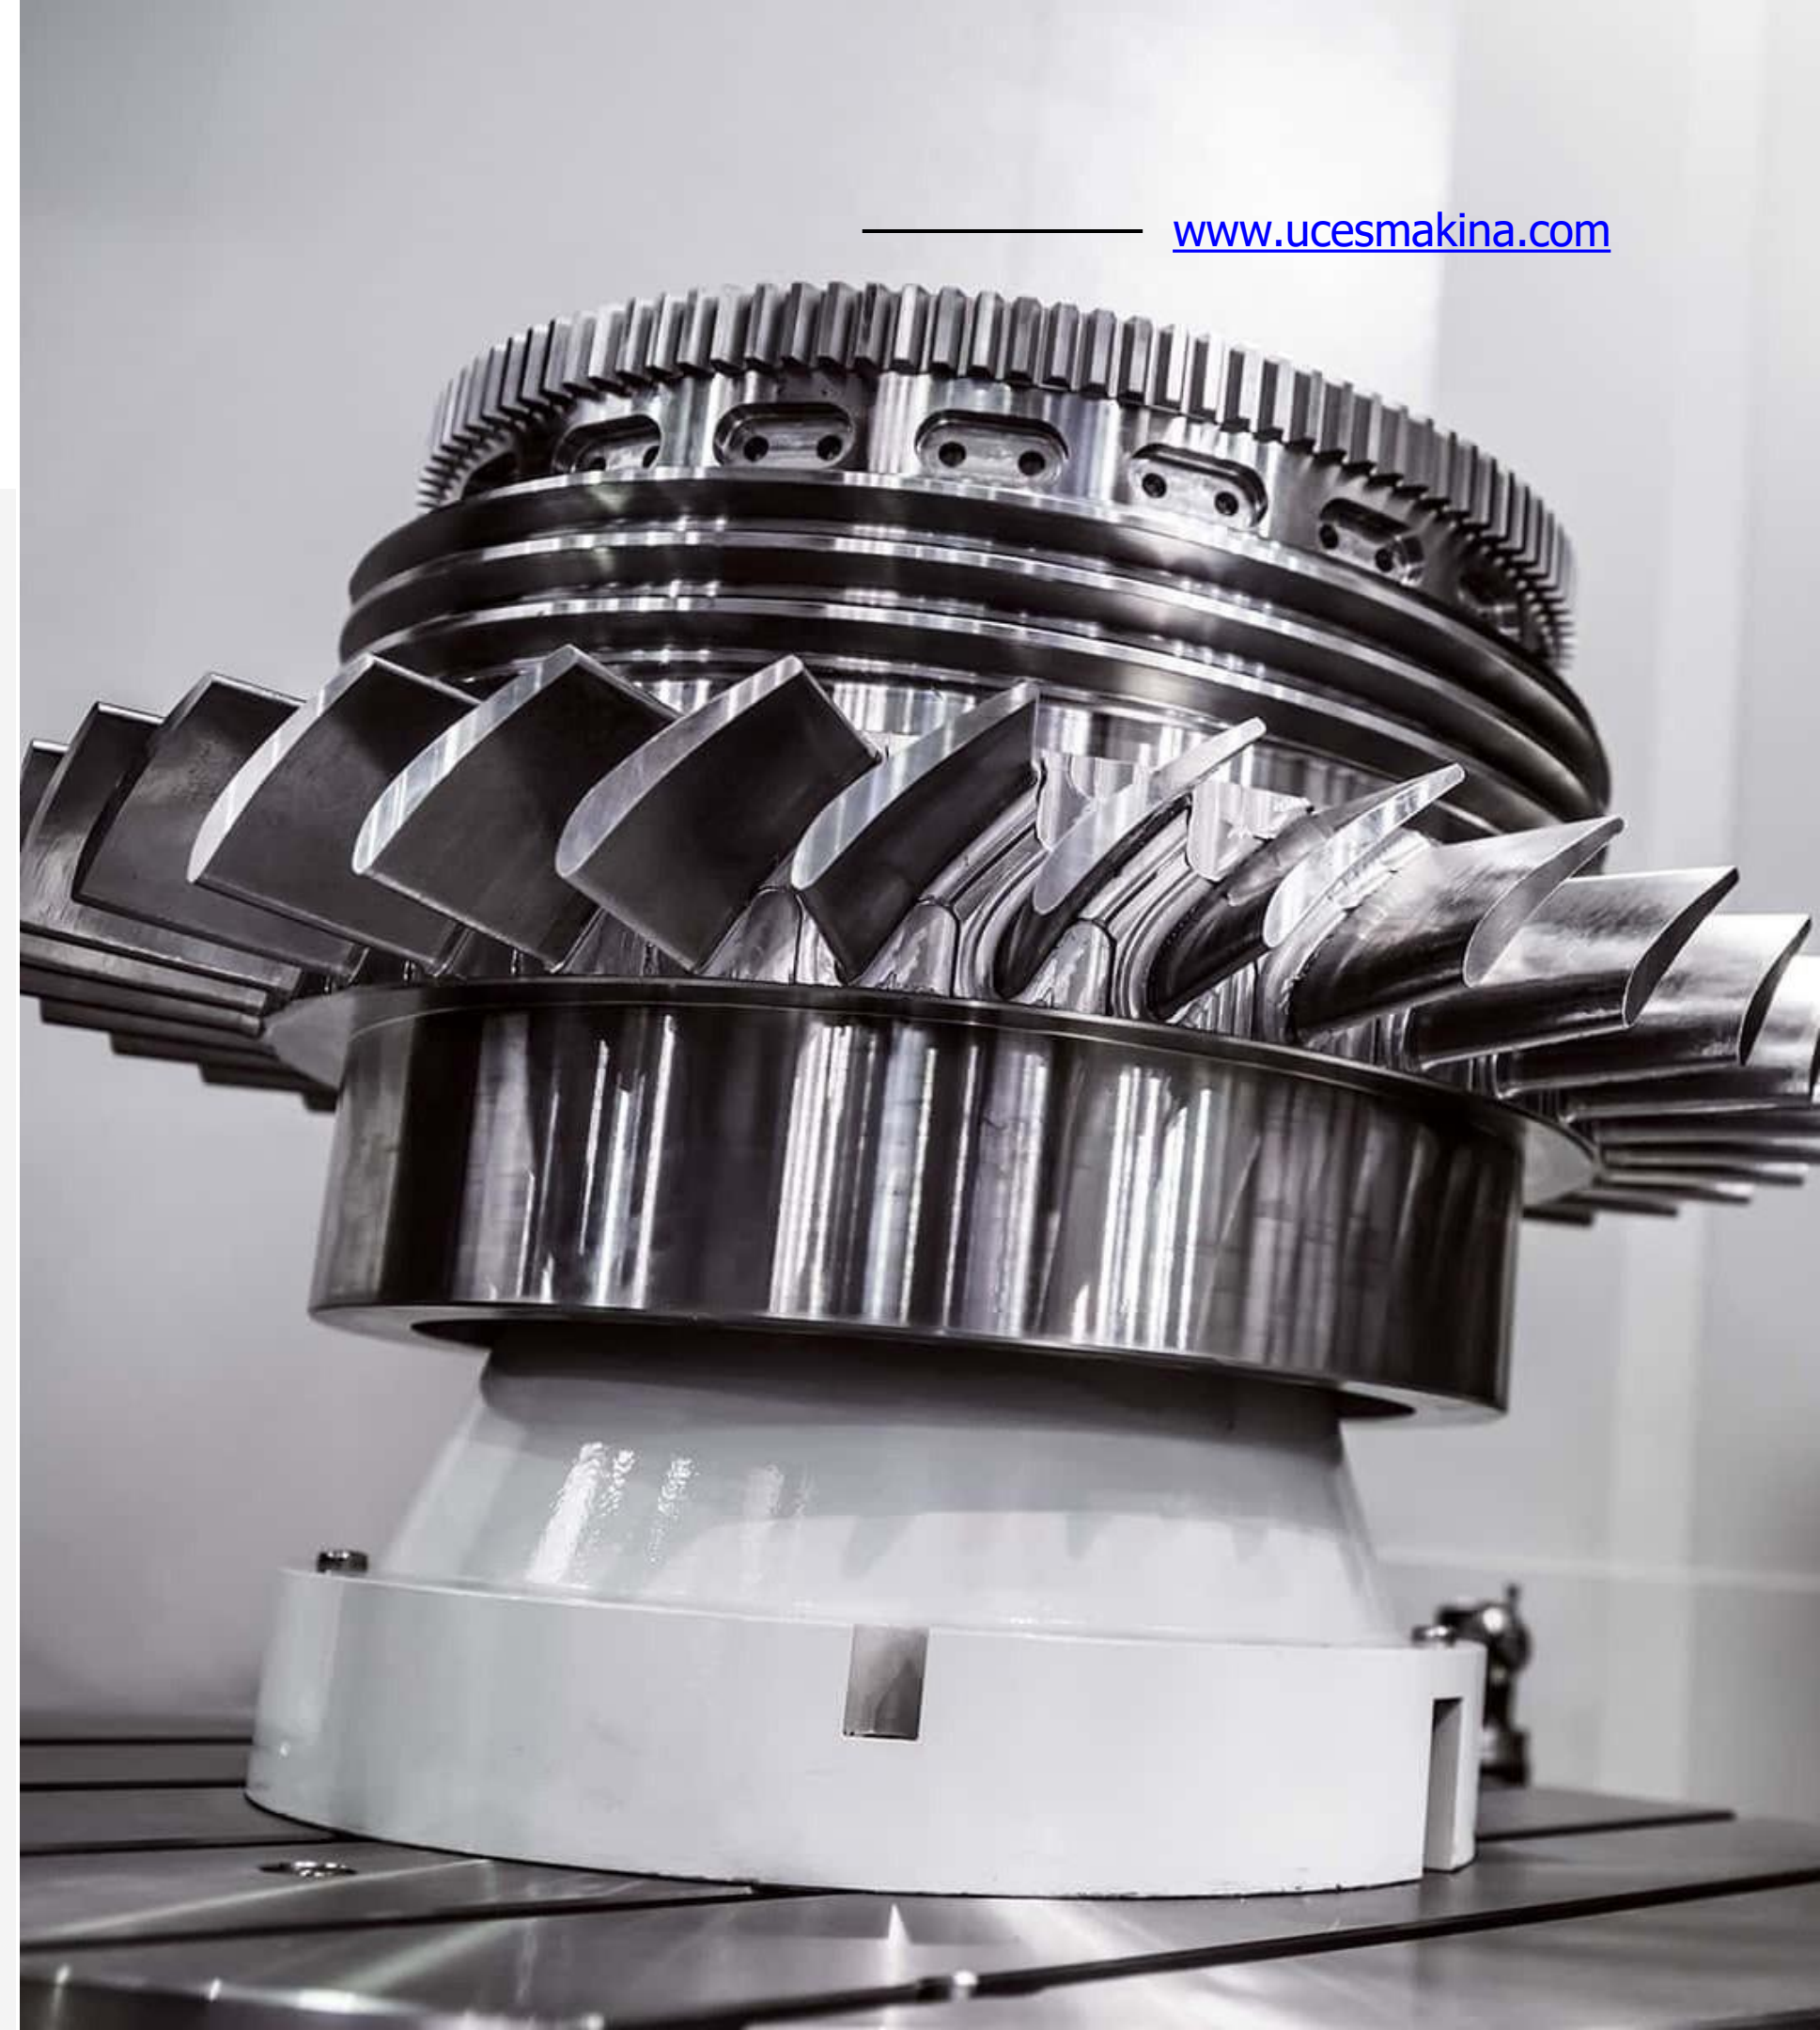

OUR MACHINE PARK

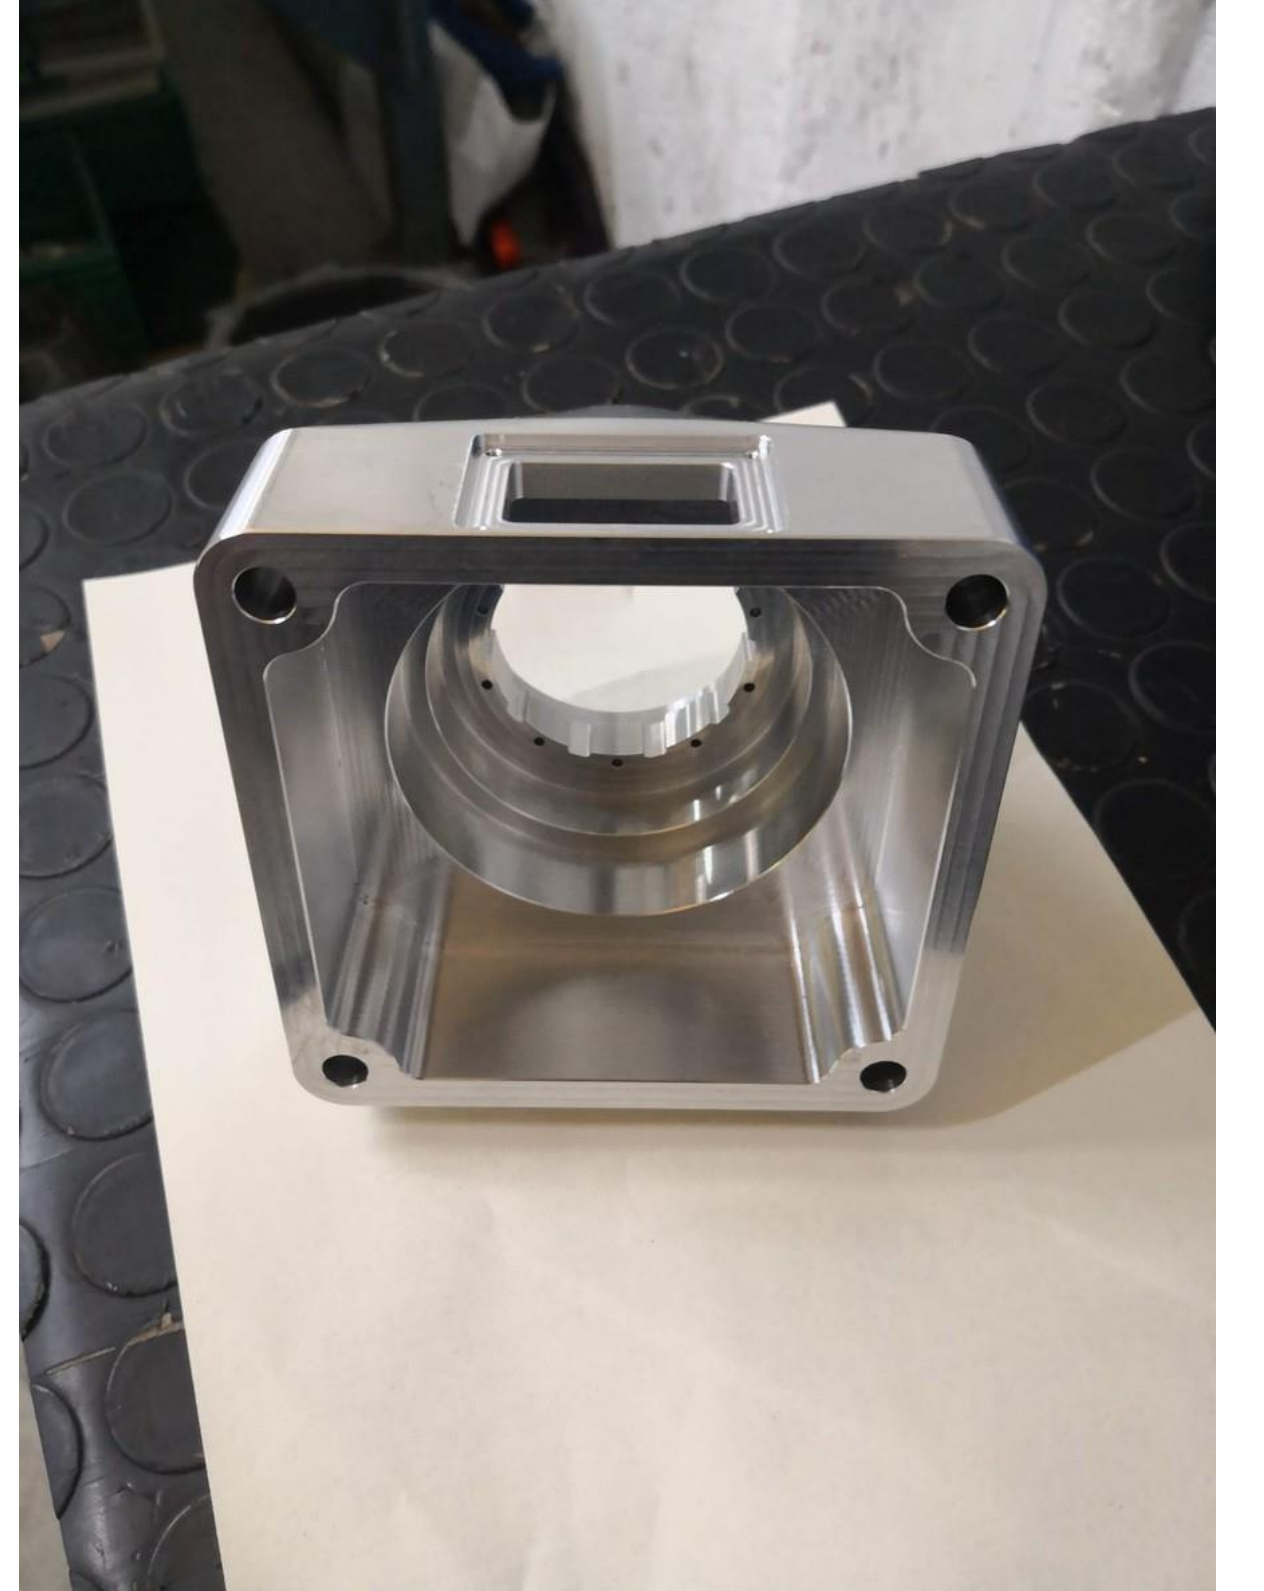

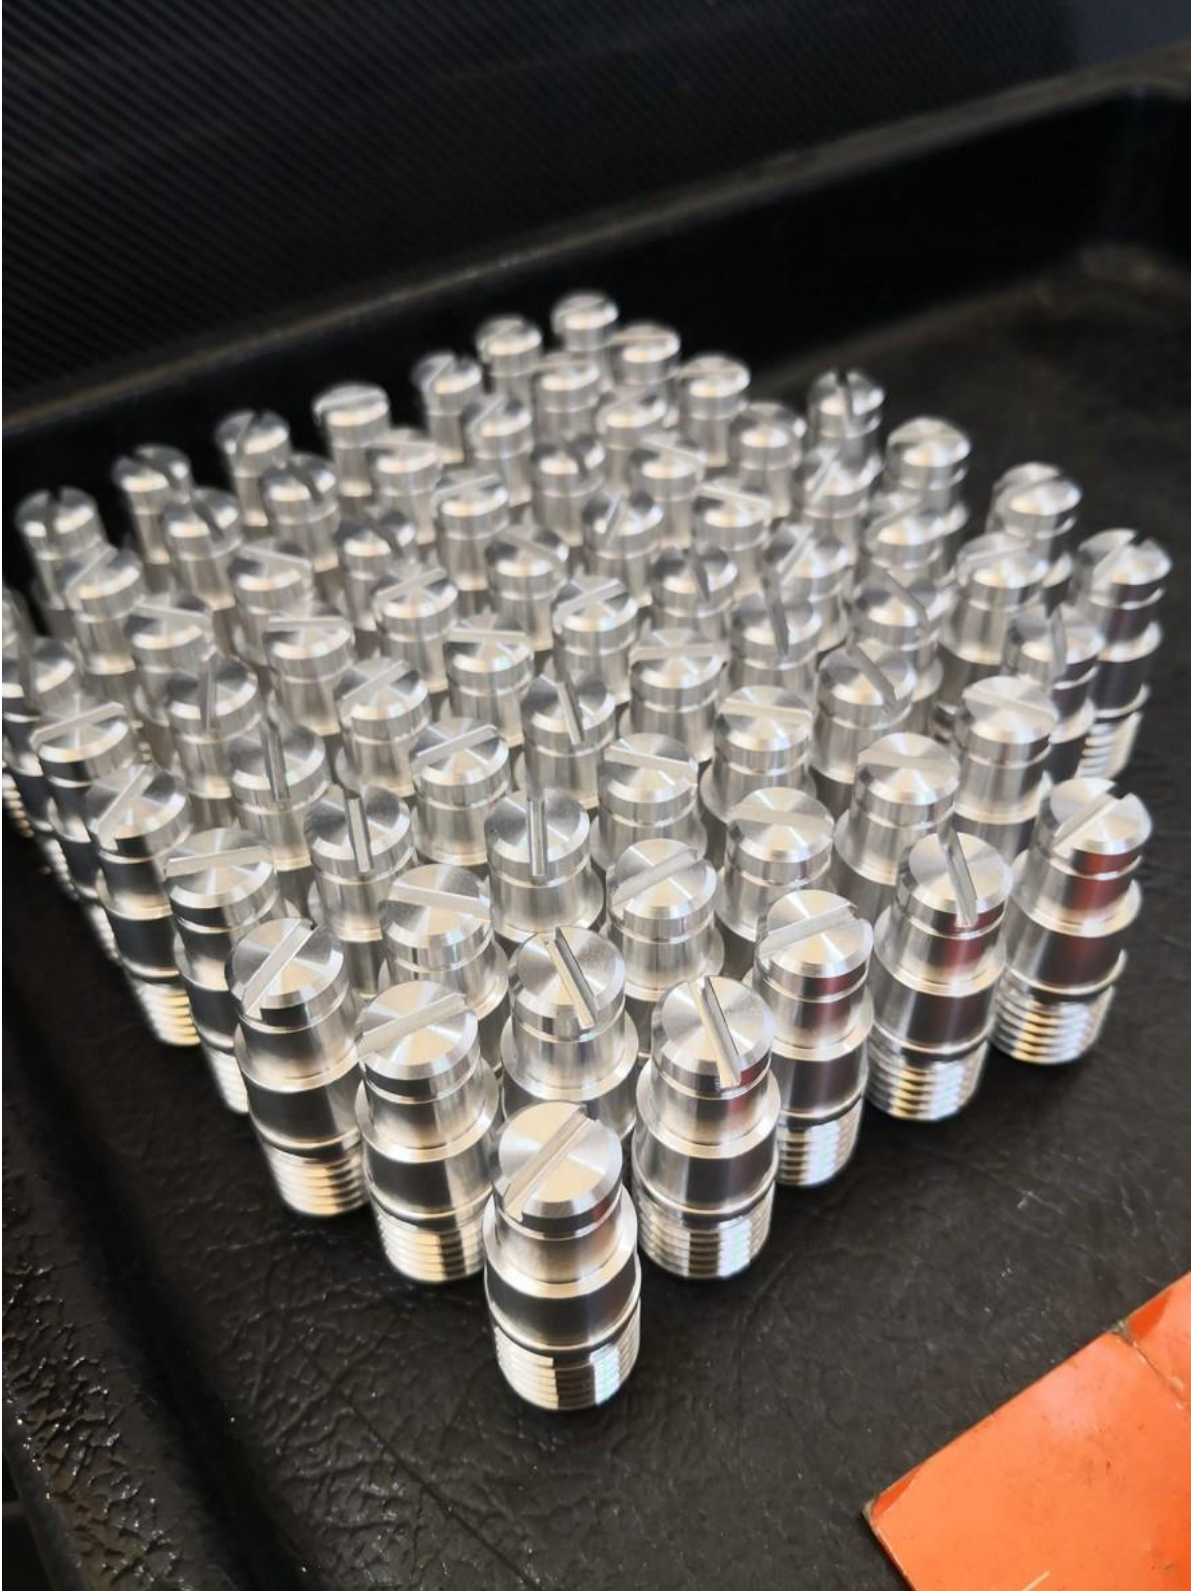

HAIMER Economic Plus NG

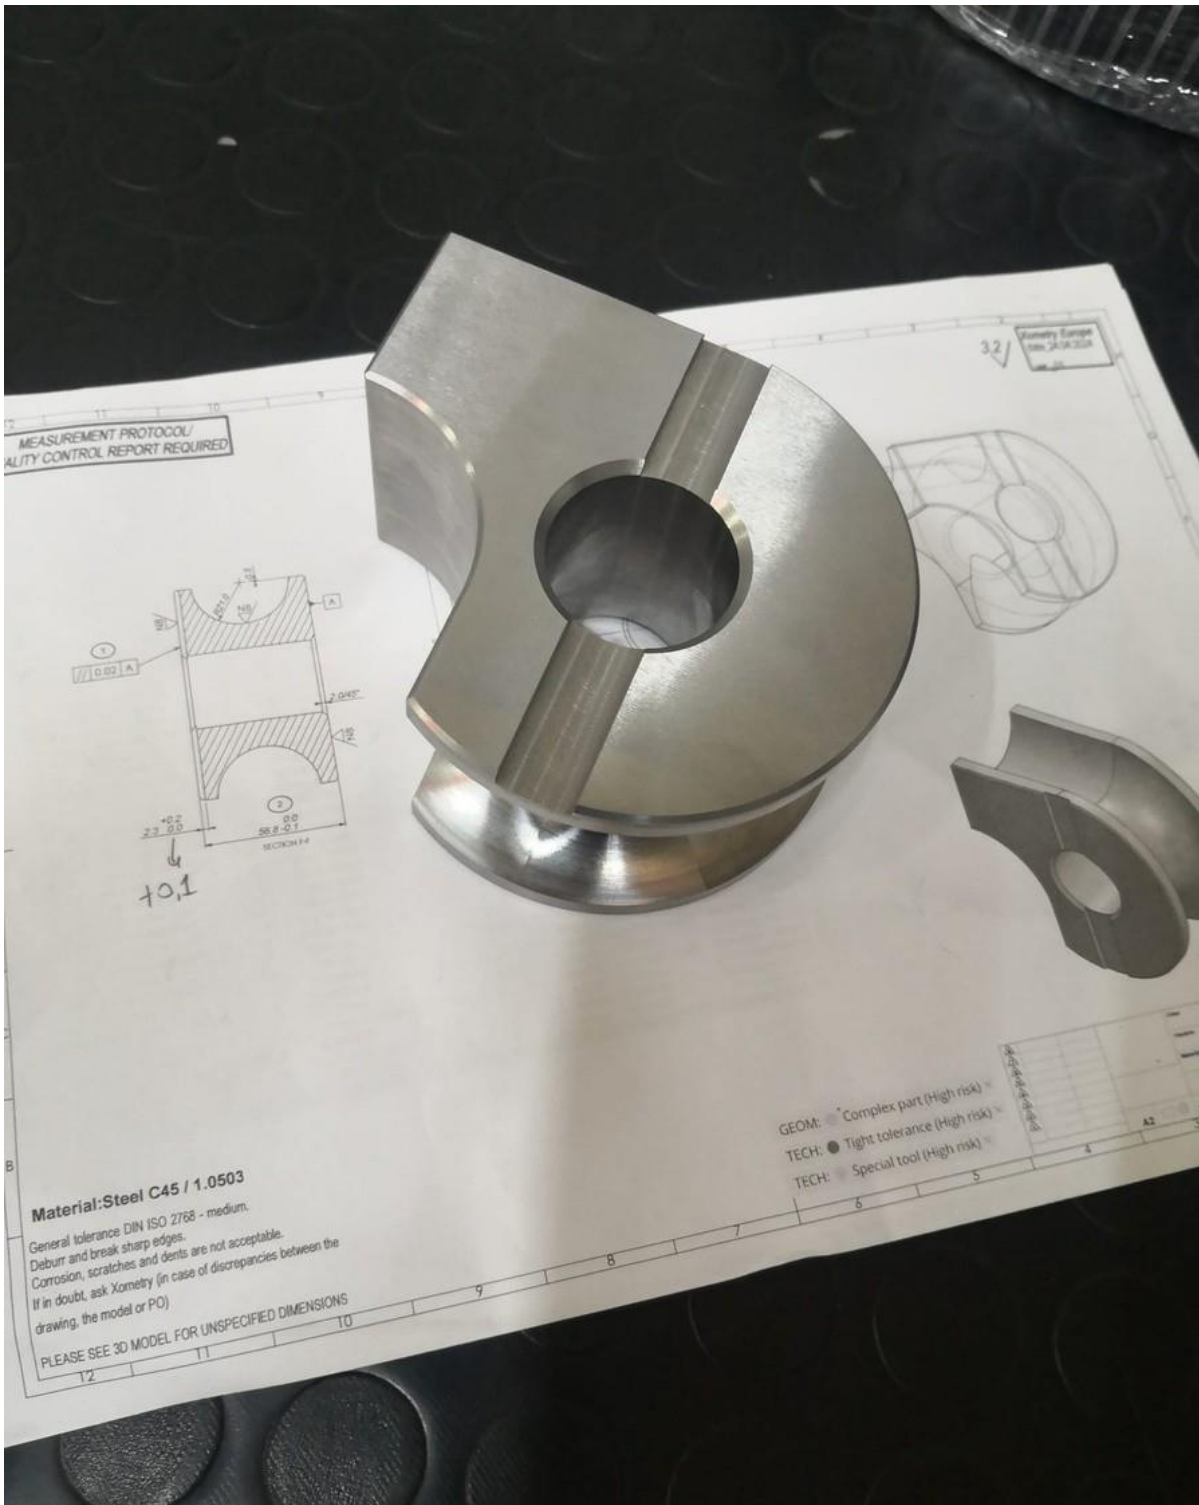

Connection	: 3 x 400-480 Volt, 16A, 13kW
Power	: 13kW
Max. length Shrink	: 570 mm
Mass (weight)	: M 110kg
Tools	: Solid carbide and HSS
Tool diameter	: Ø 3 - 32 mm
Width	: B 840 mm
Depth	: T 600 mm
Height	: H 970 mm

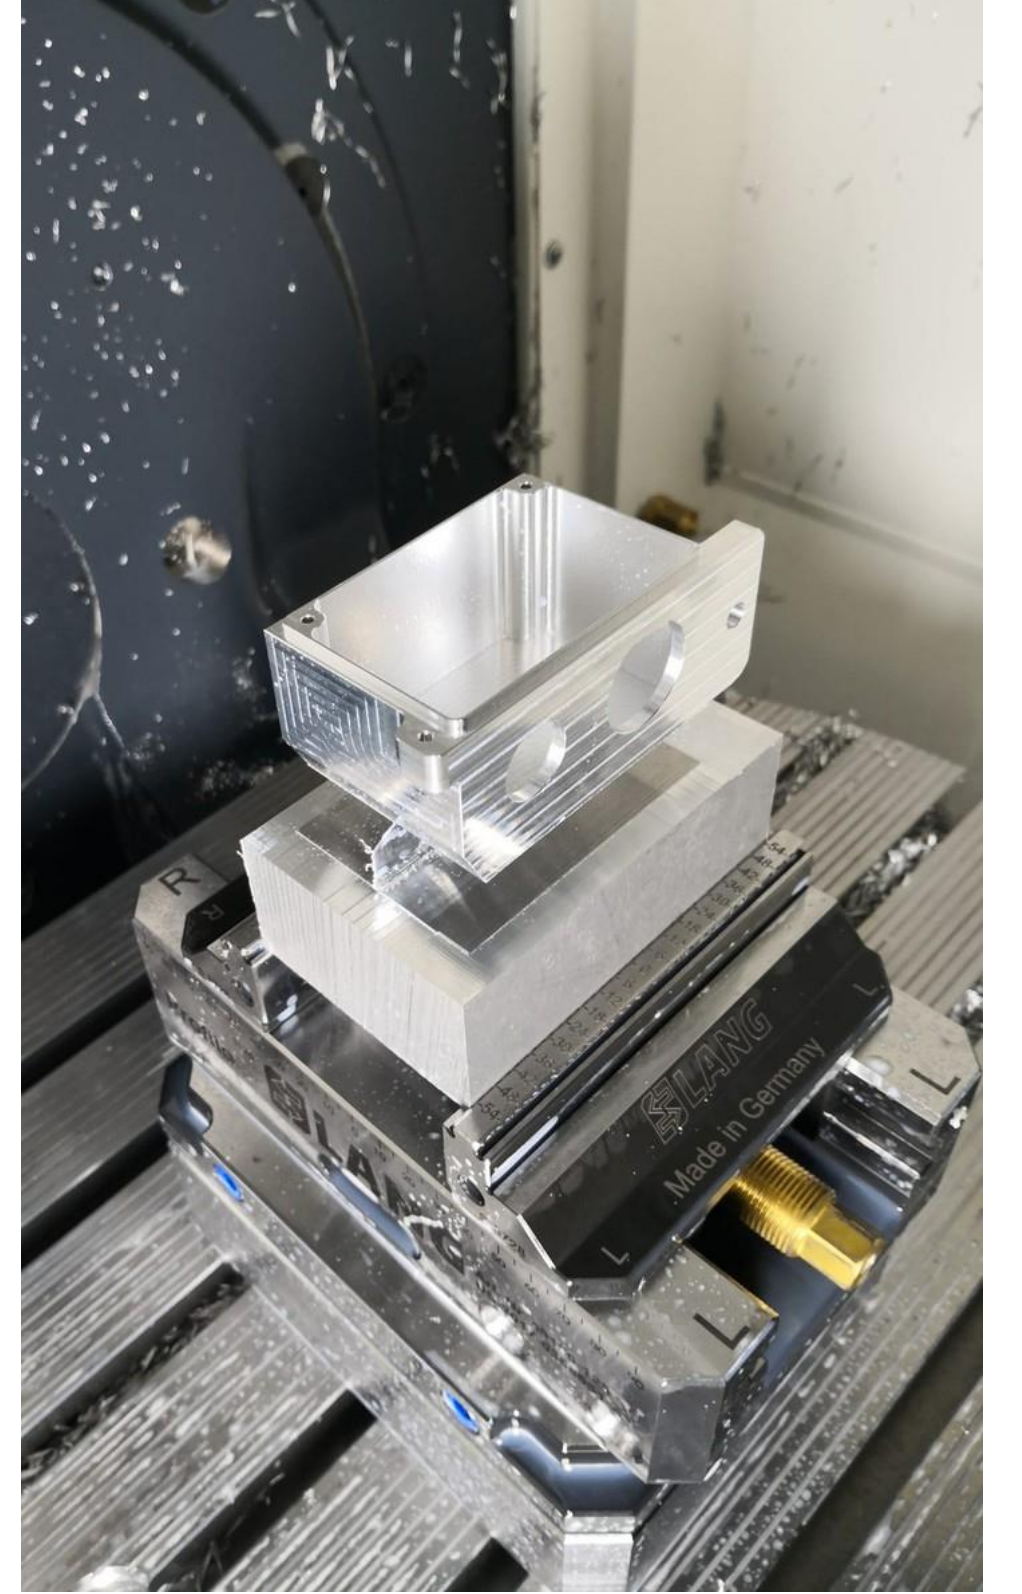

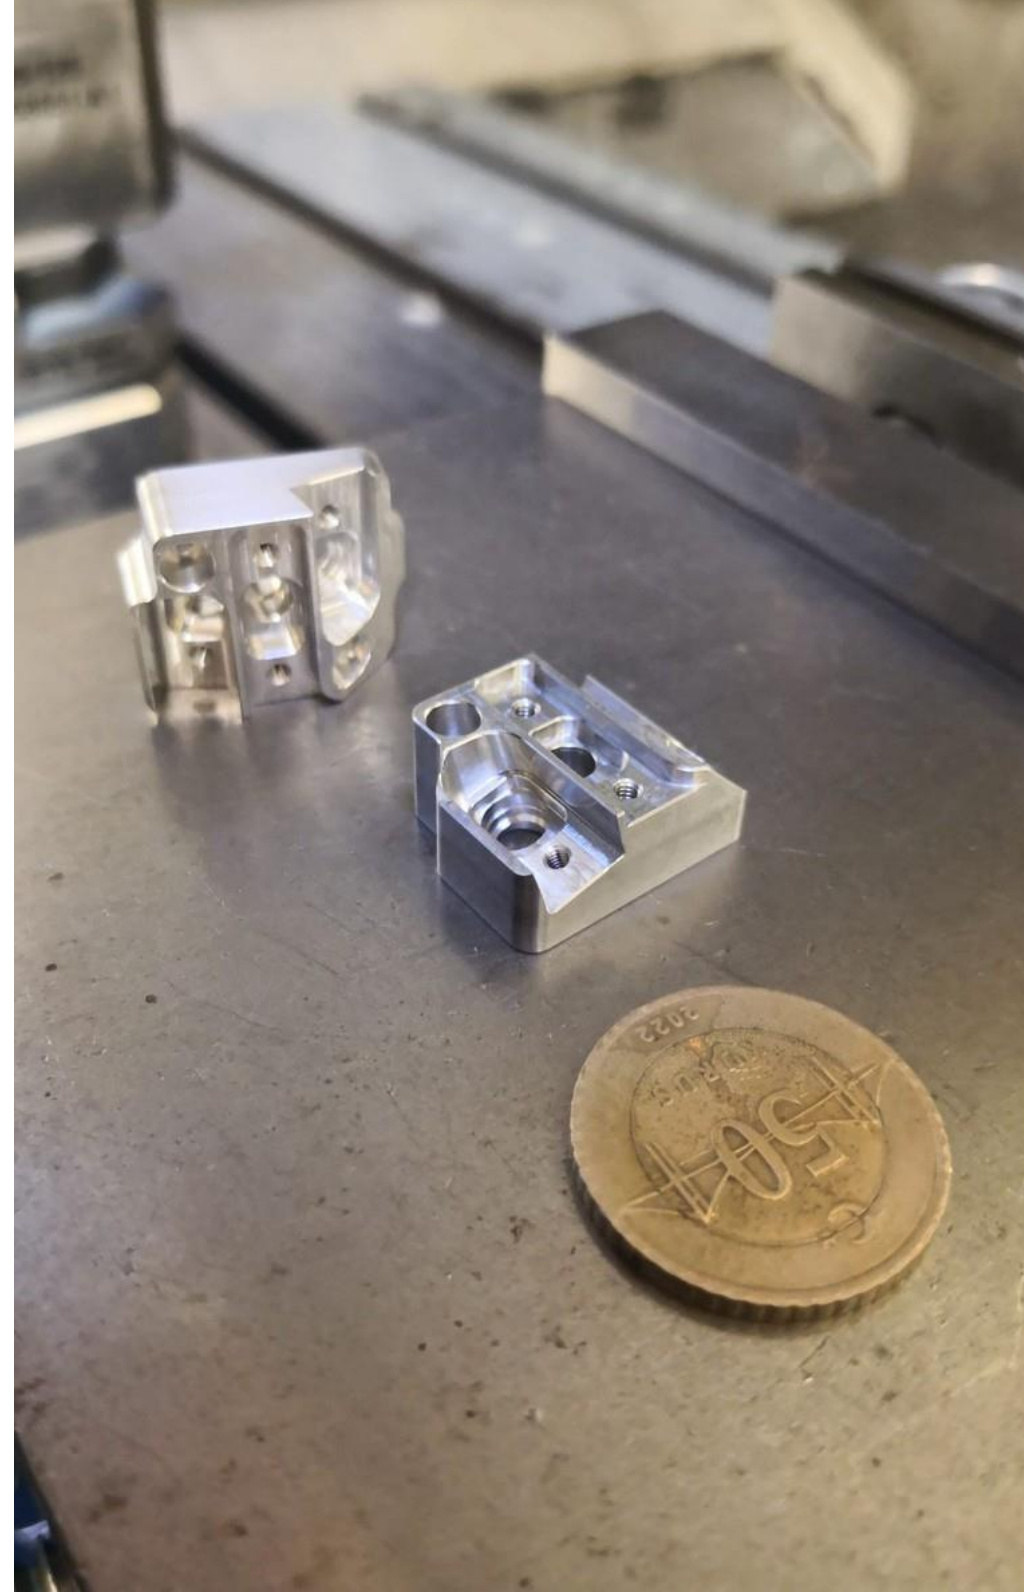

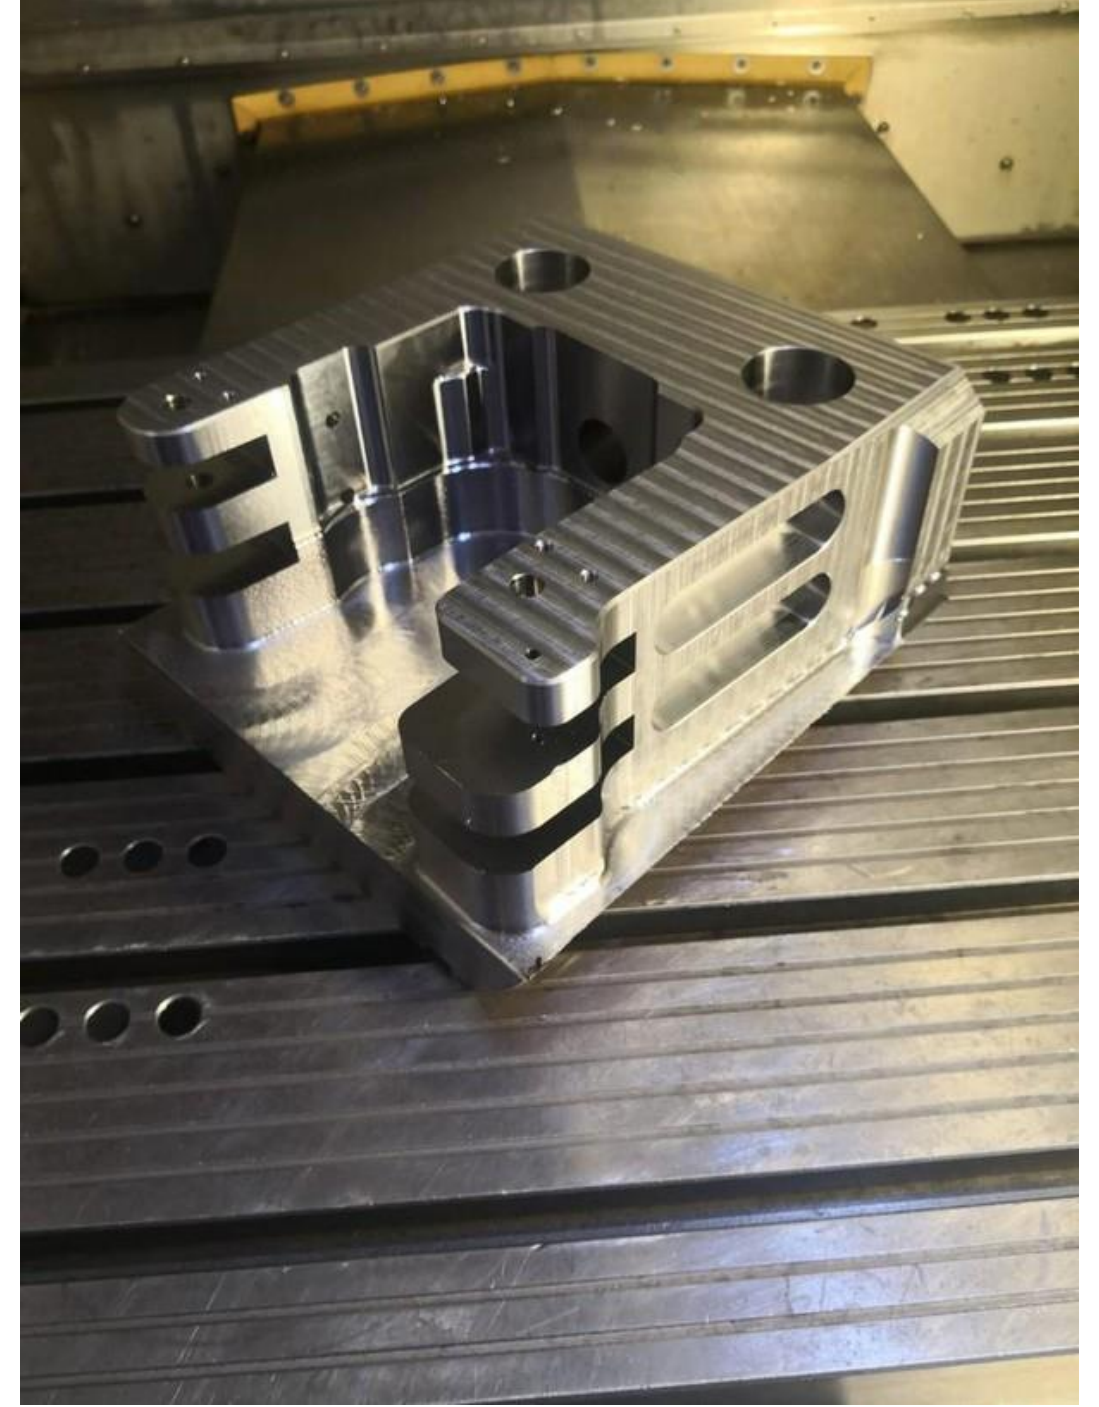

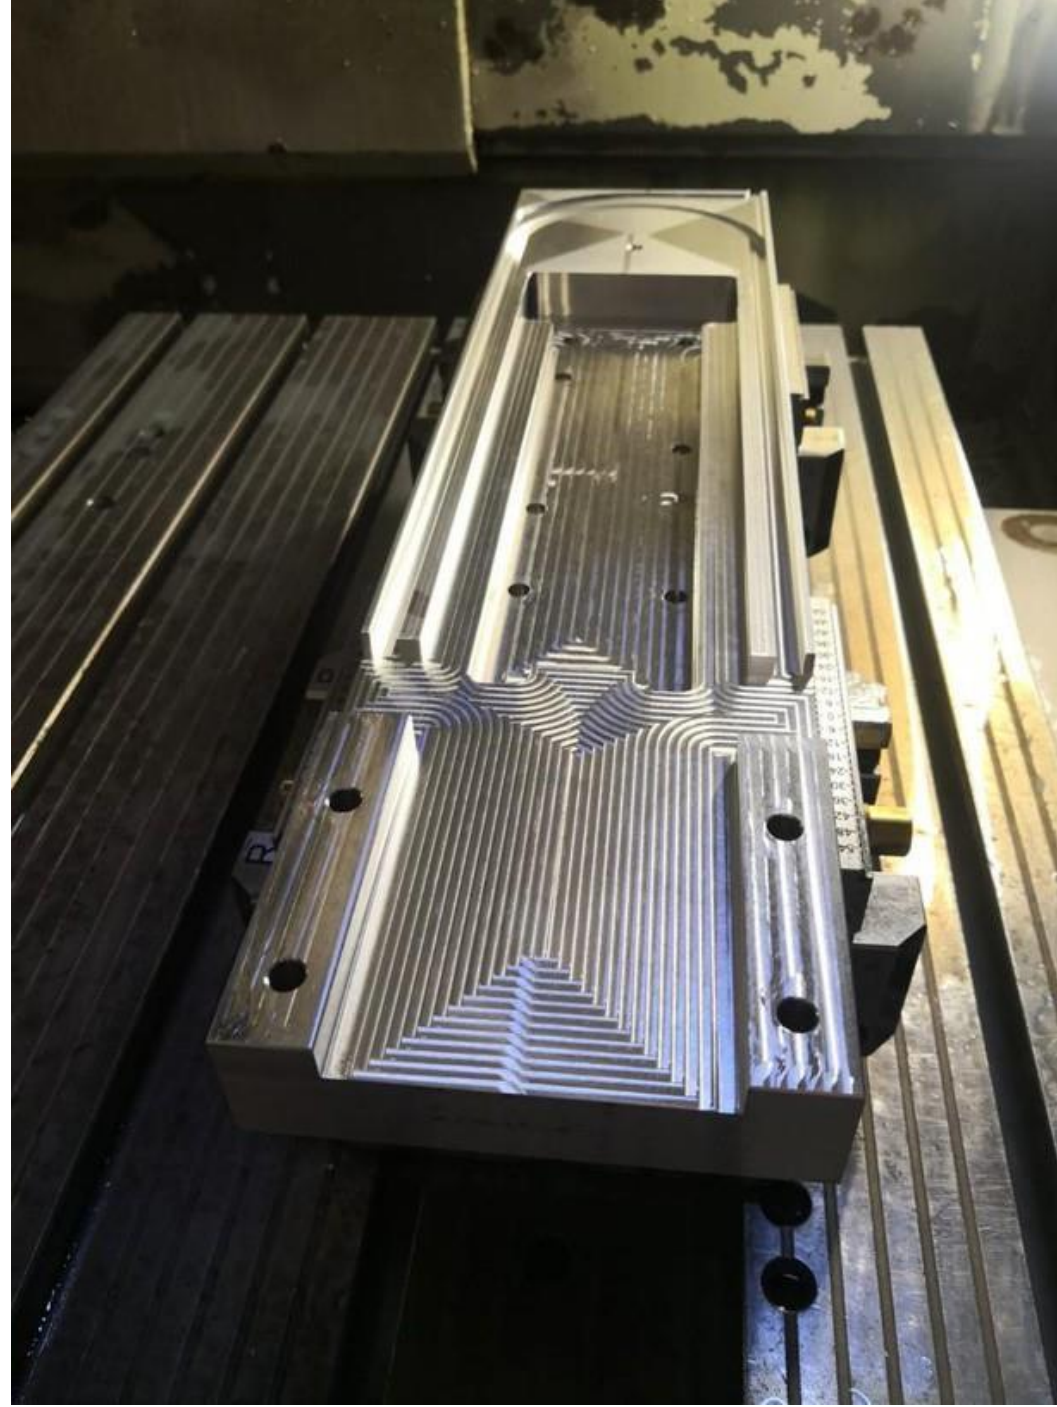

Our Production Examples

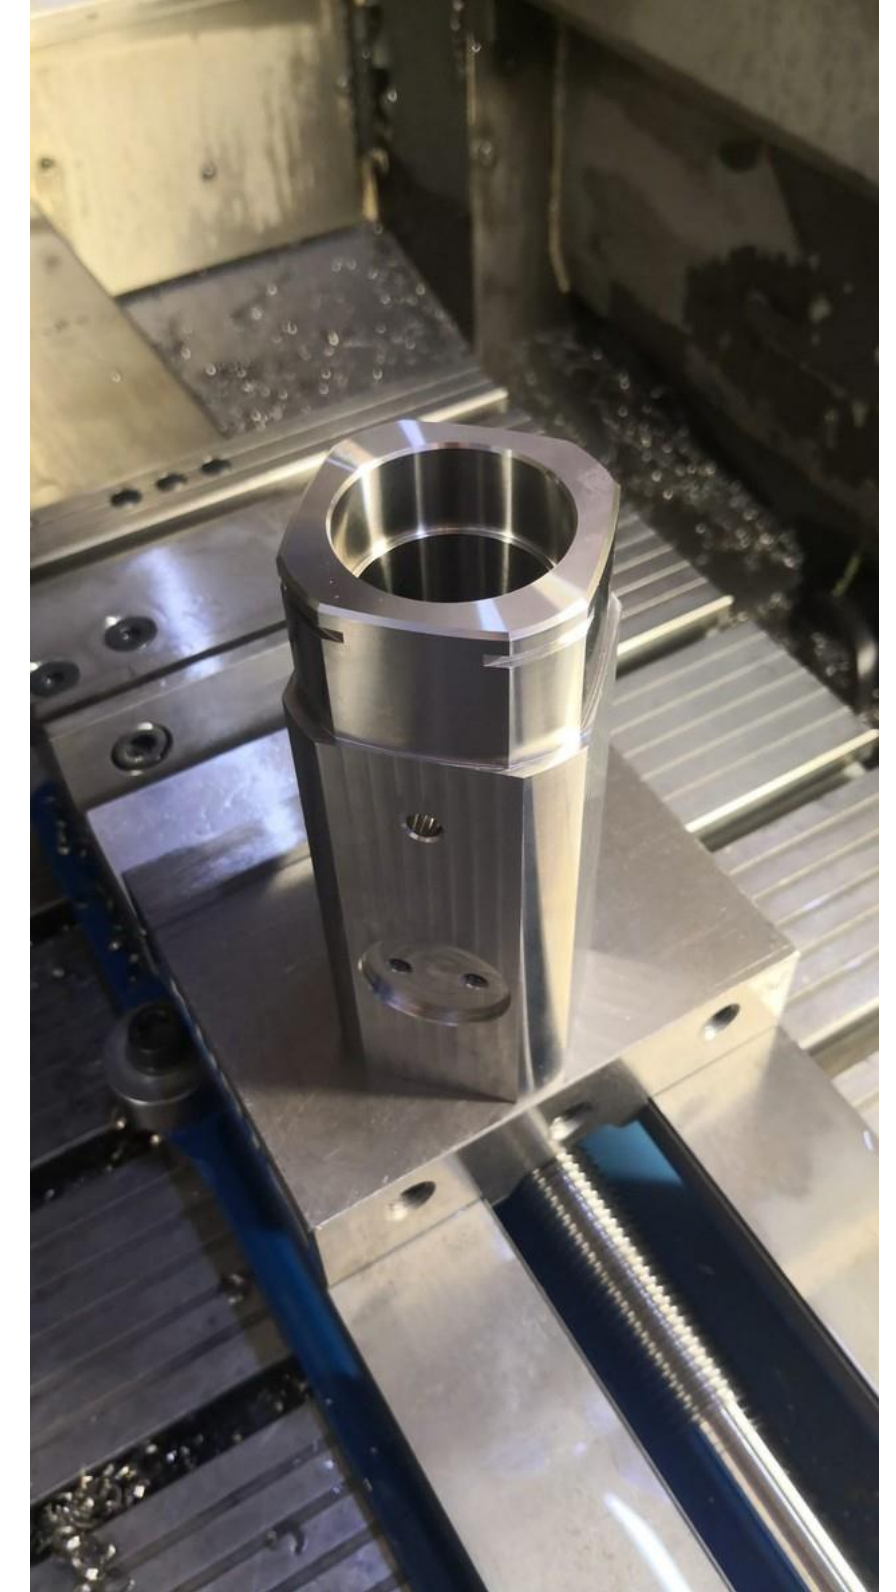

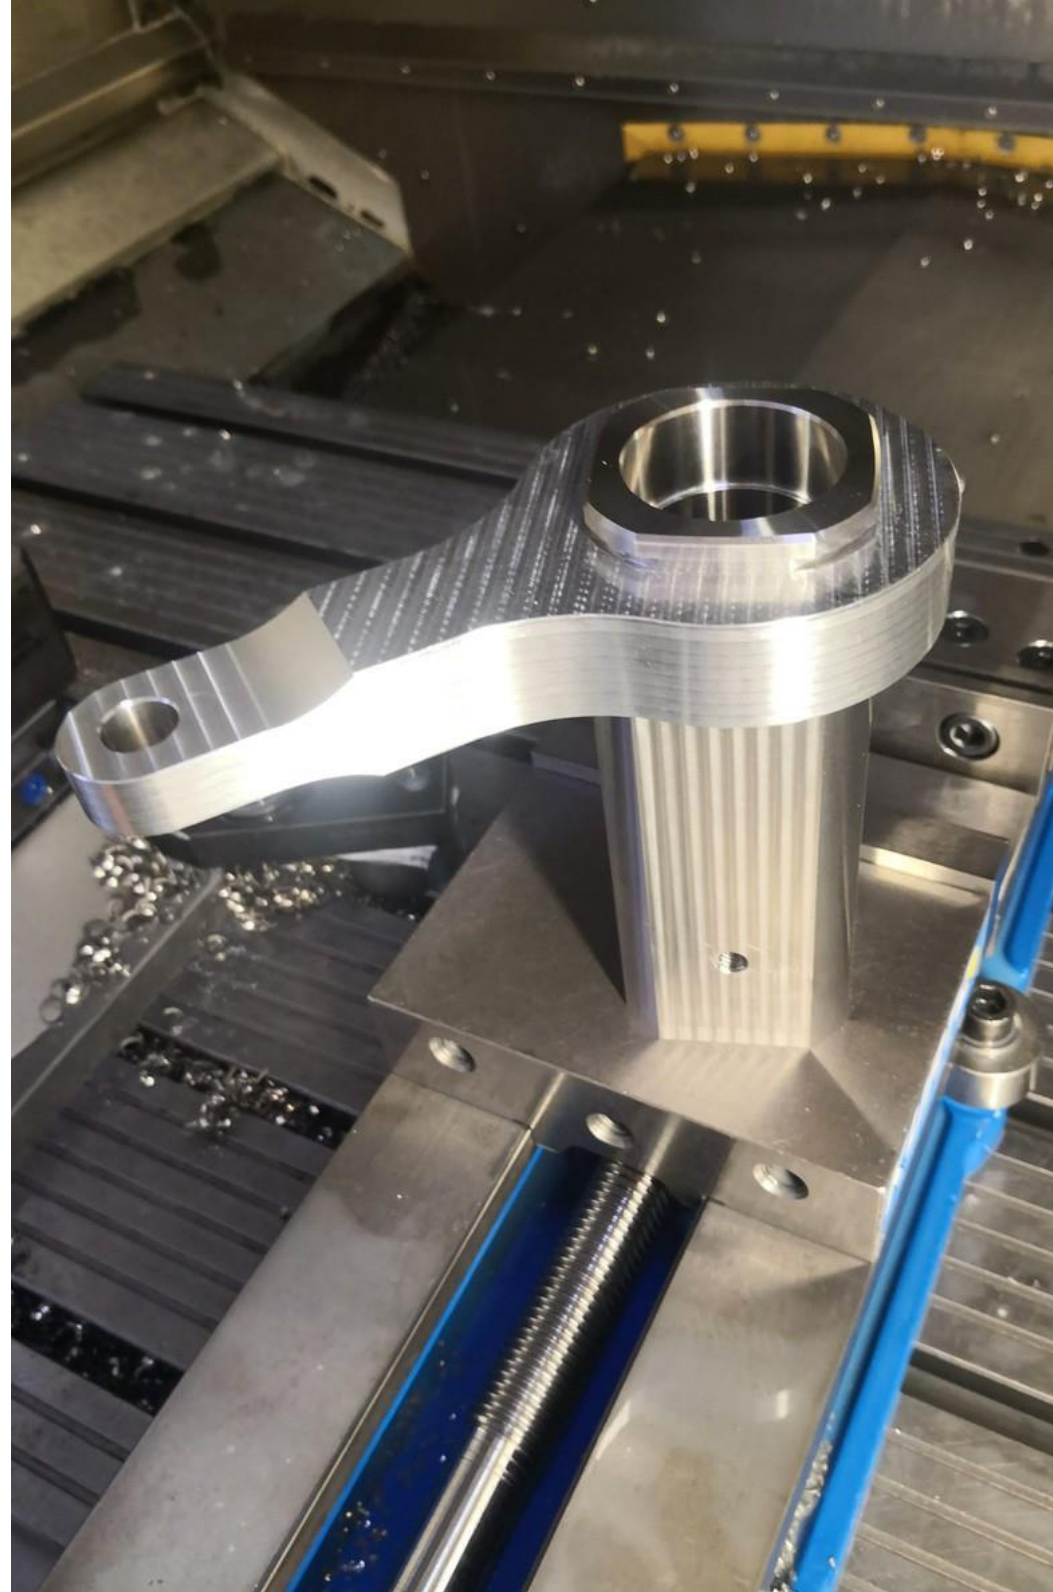

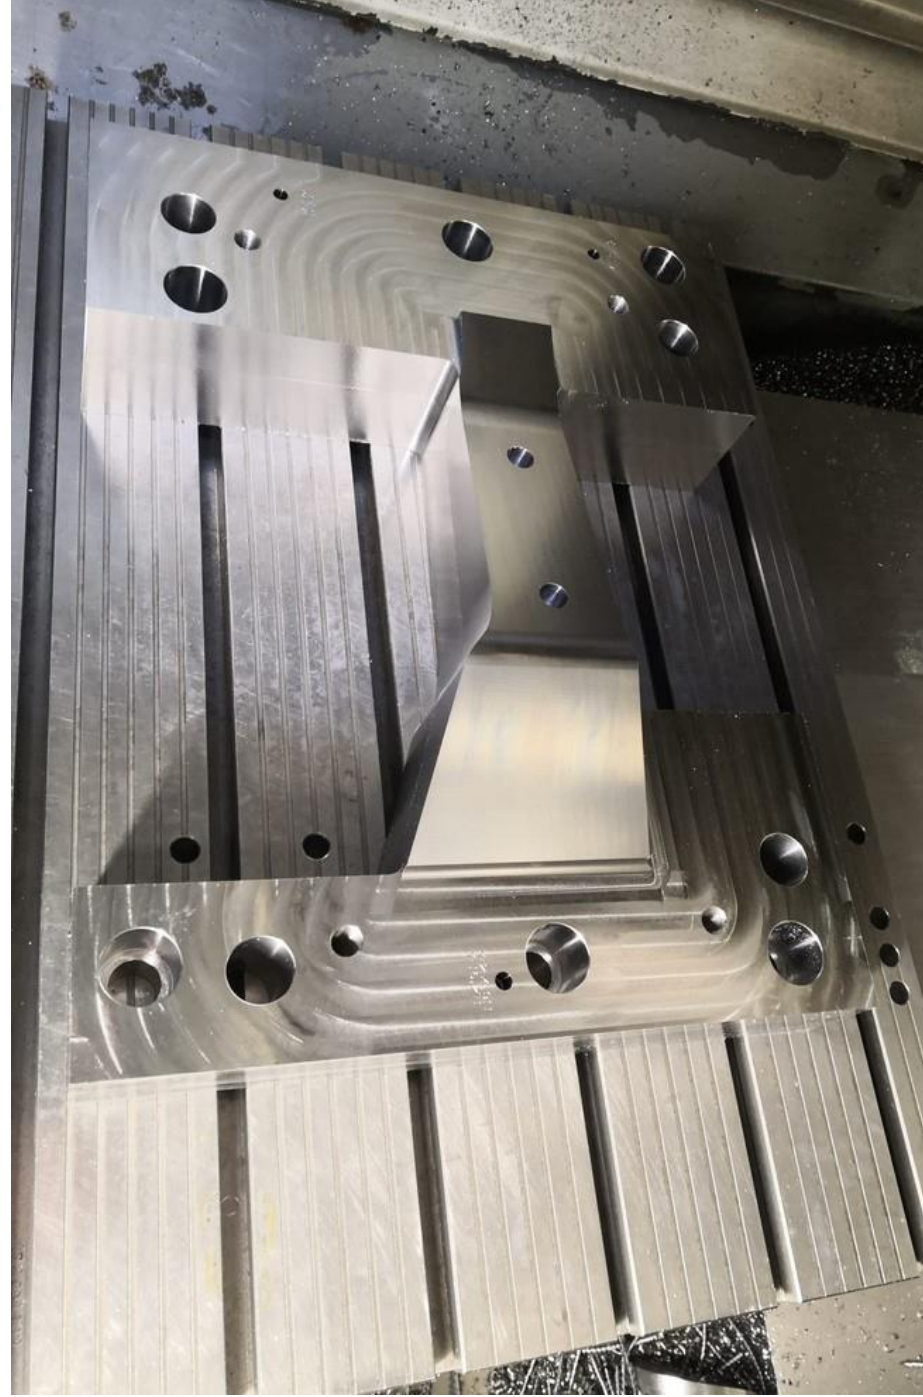

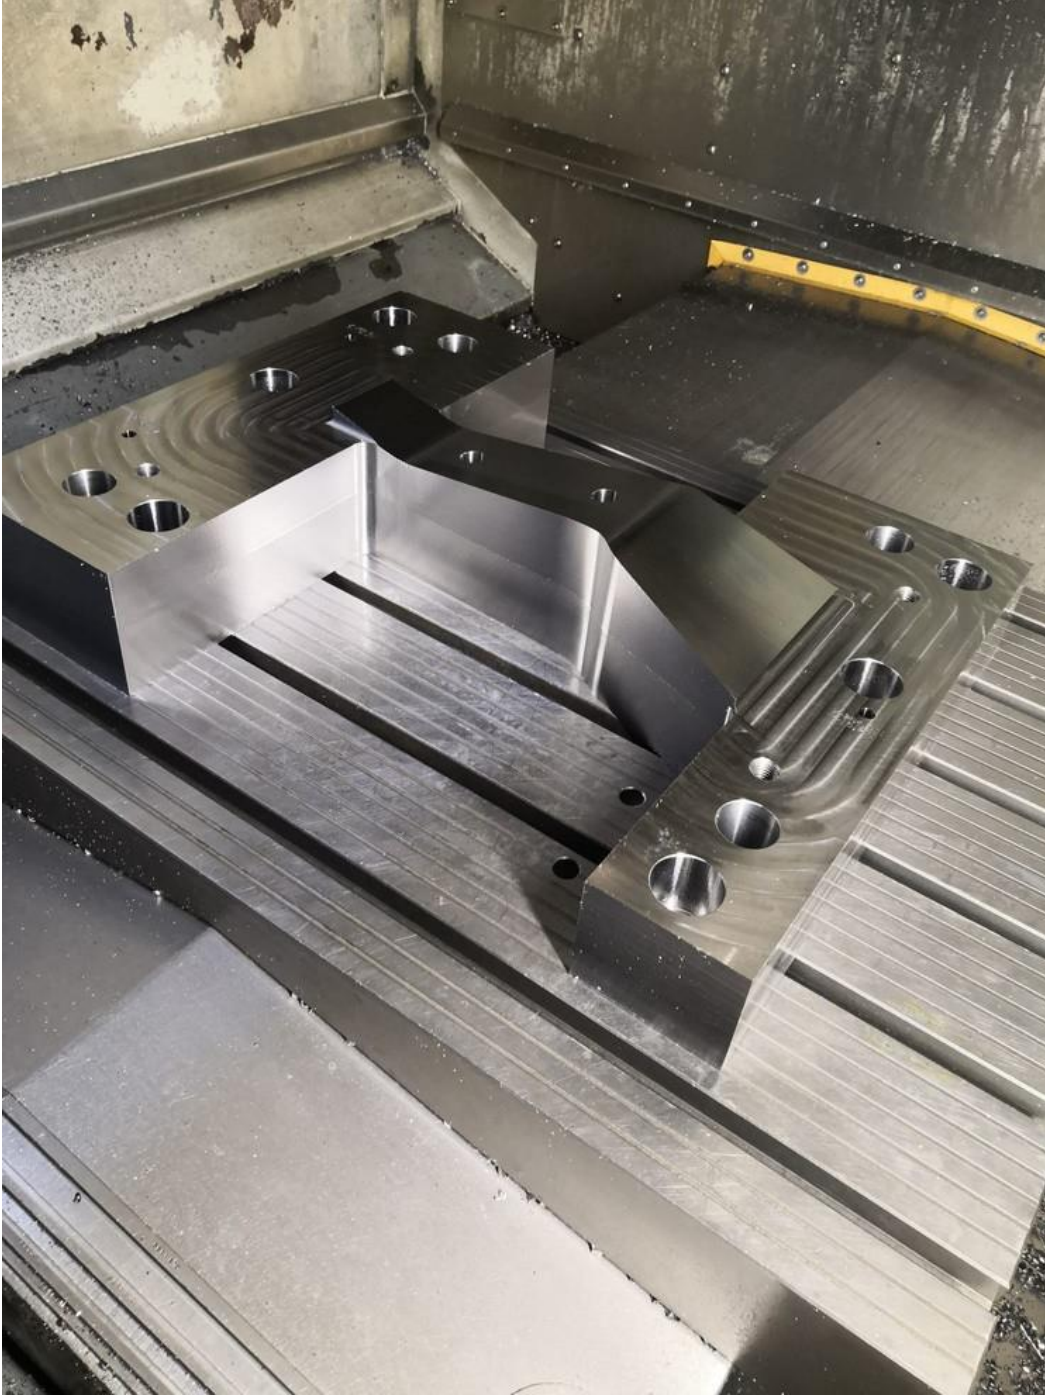

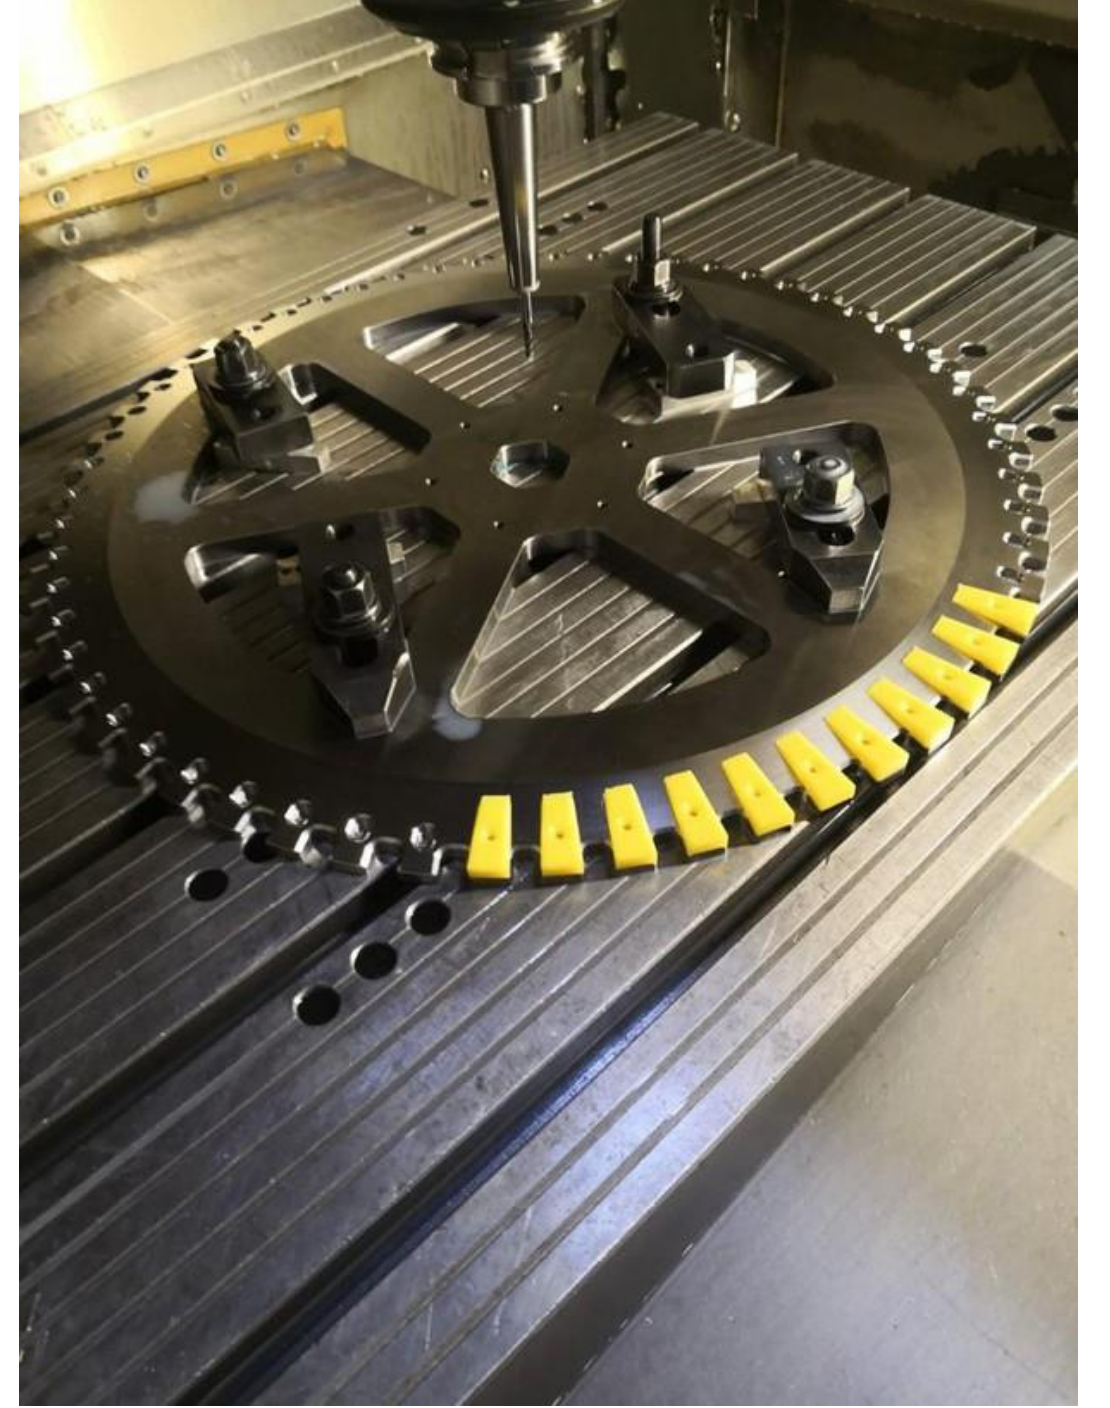

ISO 9001 : 2015

As Üçes Makina, we are proud to announce that we have obtained the ISO 9001:2015 quality management system certification. This certification demonstrates that our production processes meet global standards and that we consistently aim for high quality. We manufacture according to the highest quality standards to provide you with the best service.
