

HEGZO METÁL KFT.

TEVÉKENYSÉG:

Ipari fémszerkezetek gyártása, tervezése

Egyedi gépek, gyártókészülékek tervezése, gyártási dokumentáció készítése és üzembe helyezése

CNC lézervágás, 20mm vastagságig 1500x3000mm munkatartományban

CNC lángvágás, 100mm vastagságig 1500x3000mm munkatartományban

CNC vízsugaras vágás, 130mm vastagságig 1500x3000mm munkatartományban

Hegesztés (rozsdamentes acél/szénacél/alumínium/hőálló/titán)

CNC élhajlítás akár 3000mm hosszban, 15mm vastagságig

CNC forgácsolás (marás/esztergálás/huzalvágás/köszörülés stb.)

Szemcseszórás

Felületkezelés (porfestés/barnítás/horganyzás/KTL festés/hőkezelések stb.)

Vibrációs koptatás/sorjázás

Gravírozás

ACTIVITIES:

Industrial steel structure design and manufacturing

Custom made machine and production jig manufacturing

Laser cutting up to 20mm thickness, sheet size 3000x1500mm

Flame cutting up to 100mm thickness, sheet size 3000x1500mm

Water jet cutting up to 130mm thickness, sheet size 3000x1500mm

Welding (stainless and carbon steel, aluminium, titanium)

Bending up to 15mm thickness and 3000mm length

CNC machining (milling/drilling/wire-cutting/grinding)

Shot blasting

Surface preparation (powder coating/tanning/galvanizing/KTL painting/heat treatments)

Vibration abrasion/deburring

Engraving
