

COMPANY PRESENTATION

Germany - Steinfeld

-  Sales and engineering for all plants
concepts and designs | 3D constructions | laboratory/testing
-  Tool construction
-  Clean room grades 7-8
-  Certified to IATF 16949 / ISO 14001 / ISO 50001
-  286 employees

Our expertise

75 injection molding machines (15 t to 1150 t)

- Standard injection molding
- Internal gas pressure process
- 2 component injection molding

Technologies

- Assembly
- Inline printing
- Cell mold light weight process
- Blow molding process
- Conditioning
- Injection molding with metal inserts

Poland - Koszalin

🏭 Certified to IATF 16949 / ISO 14001

👥 158 employees

Our expertise

50 injection molding machines (15 t to 900 t)

- Standard injection molding machines
- Machines for 2 component parts

Technologies

- Assembly
- Inline printing
- Conditioning
- Injection molding with metal inserts

Mexico - El Marqués, Querétaro

🏭 Certified to IATF 16949

👥 96 employees

Our expertise

18 injection molding machines (50 t to 650 t)

- Standard injection molding machines
- Machines for 2 component parts

Technologies

- Assembly
- Conditioning
- Cell mold light weight process
- Pad printing
- Injection molding with metal inserts
