

Serving both automotive and non-automotive customers, we are trusted partner in precision metal solution, providing unparalleled quality and genuine customer-centric service.

## About Us

The OLZA spol s r.o. is a Czech family-owned business with a focus on boutique metal stamping yet with a reach far beyond the region, providing services to as far as America, Africa and Asia. Founded on the long tradition of metal industry in the region and embedded in substantial know-how related to the technology of cold forming, we aspire to find bespoke solution to any need.

**We don't manufacture just Products, We Manufacture Trust.**
