About Us

MCY Metal San. Tic. A.Ş., operating in the automotive sector in the field of **pressed sheet metal part manufacturing**, is a preferred supplier in cold sheet metal forming.

8,000 
Area per m²
Total production capacity

110 
Employees
3-shift team

15 
Year
Industry experience

With a strong emphasis on customer satisfaction, we continuously improve our products, human resources, processes, and environmental quality.

-  **TS EN ISO 9001**
Since 2011
-  **MRP System**
2019 installation
-  **IATF 16949**
2020 certificate
-  **Our goal:**
 - To be a strategic business partner for automotive OEM/TIER1/TIER2 manufacturers.
 - To become a sustainable solution partner in new markets.

Vision & Mission

VISION

A Brand That Trusts

At MCY METAL, we aim to become a trusted and preferred brand in the internal and international automotive industry by proving ourselves through our **high-quality, innovative, and distinctive work** on the path to sustainable success and continuous improvement.

Innovation

Quality

International

MISSION

Excellent Service

In the field of metal forming and assembly, we aim to best meet our customers' expectations through our **systematic and disciplined processes**.

- Fast and high-quality production
- Social responsibility awareness
- Environmental and social awareness
- Continuous improvement
- Commitment to ethical values

Our Quality Policy: Our Commitment to Excellence

At MCY METAL San. ve Tic. Ltd. Sti., our principles of customer satisfaction and operational excellence form the foundation of all our business processes. Our quality policy strengthens our leading position in the sector and enables us to achieve our sustainable growth targets.

Customer Focus

To best meet our customers' expectations while adhering to our principles and through proactive and transparent communication.

Evidence of compliance

To fully meet the requirements of national and international quality standards.

Security Priority

To carry out responsible and sustainable production while ensuring human and environmental safety.

Our Operational Excellence Targets

- To become the preferred company in the industry by continuously improving product quality, competitive pricing, and delivery performance.
- To reflect the total quality philosophy in business results and to invest in people by encouraging teamwork.
- To continuously improve and streamline all our processes by measuring their performance.

Employee Development

To increase employees' competence, awareness, and motivation, thereby ensuring their adoption of company goals and their active participation.

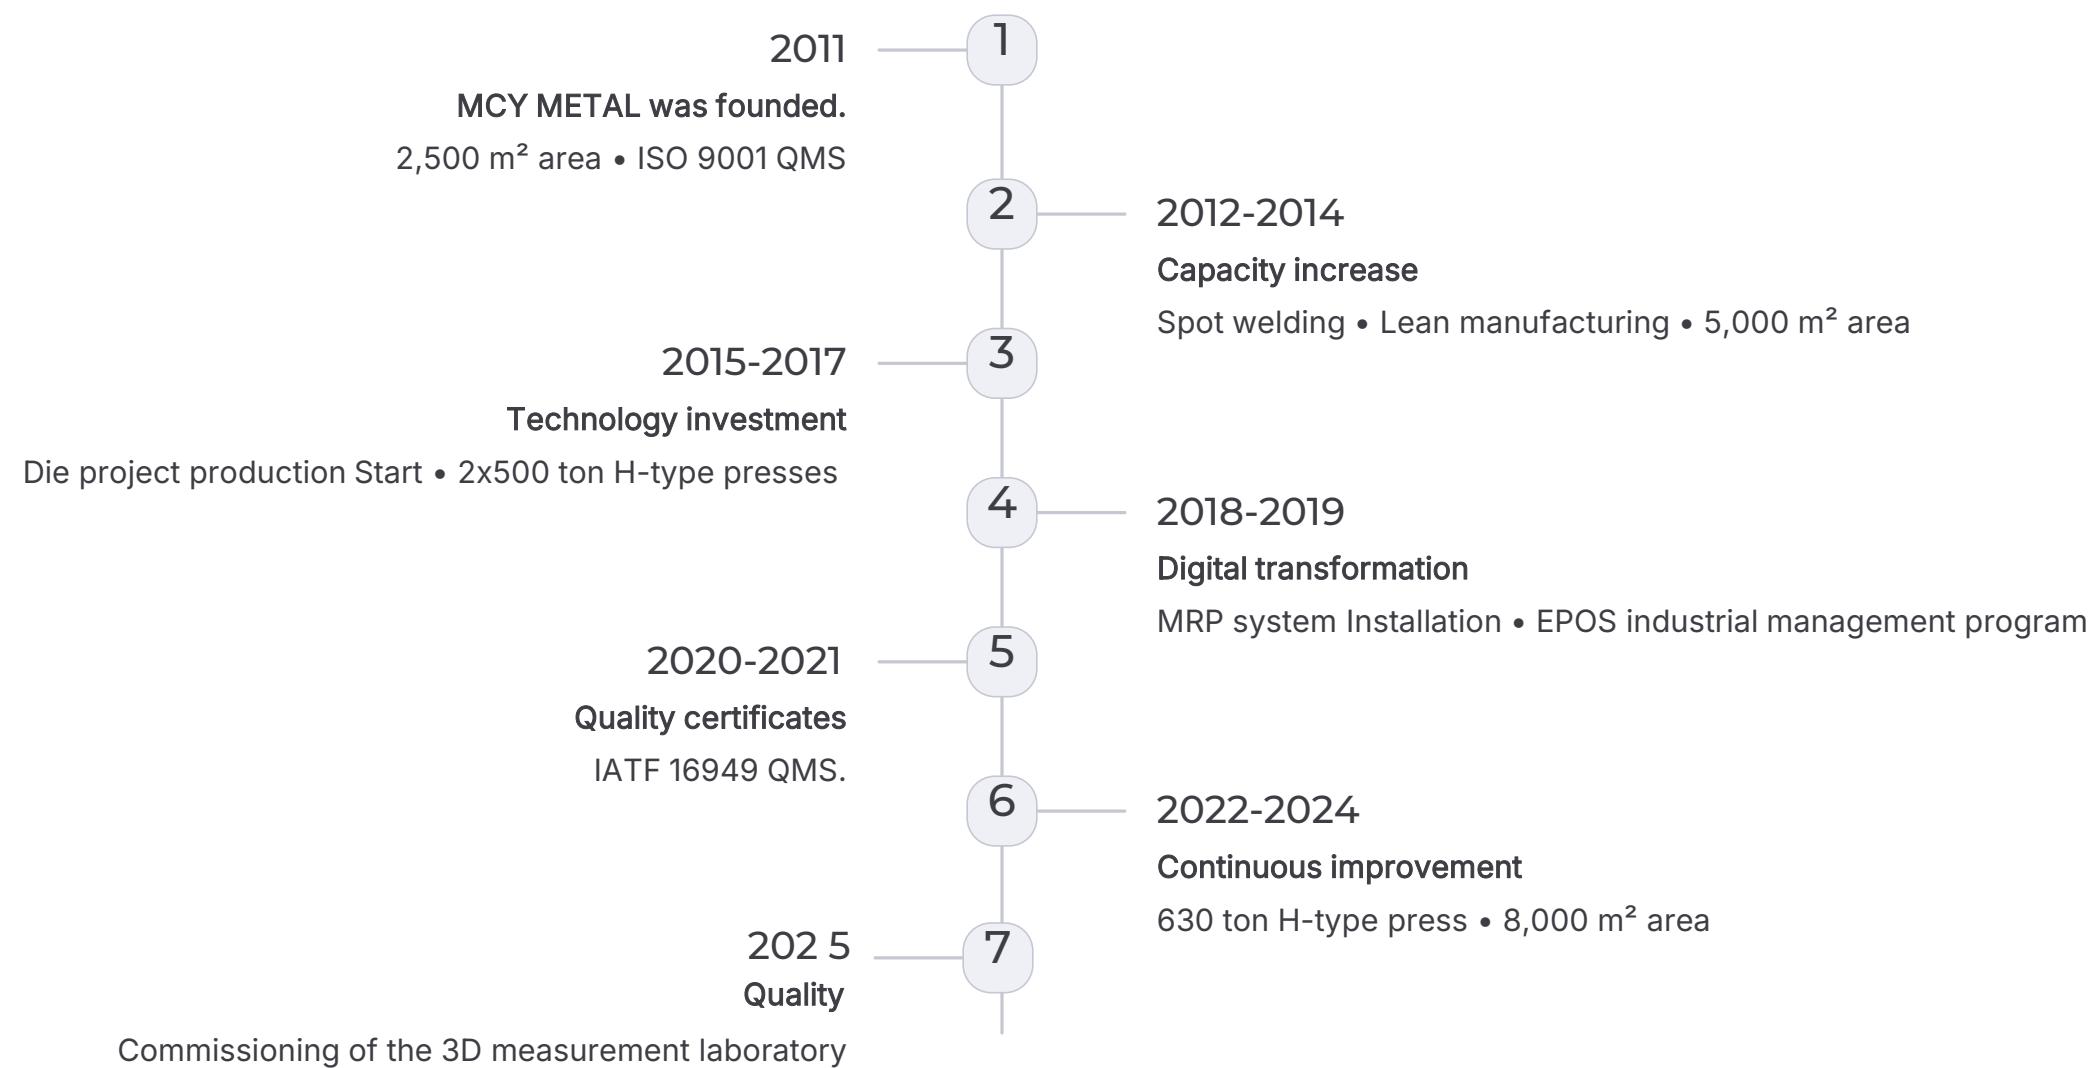

Industry Leadership

To be a company that other firms in our sector will strive to emulate, and that our customers will choose as their first option.

"This is the common goal of the executives and employees of MCY METAL San. ve Tic. A.Ş. "

History

A journey of

Our Production Capabilities

PRESS LINE

Cold Forming

19

Mechanical press

100-630

Ton capacity

Capacity of 100-630 tons 19 mechanical press with coil feeders and manual cold sheet metal forming is being done .

Our Production Capabilities

ASSEMBLY LINE

Seven spot welding machines with a capacity of 120-350 kVA are used to assemble bolts, nuts, and sheet metal parts.

1

Spot Welding

Bolt and nut assembly

2

Sheet Metal Assembly

Part assembly

3

Orbital Riveting

Rivet rolling process
